

FEATURES

RP7 Electrical Contact Cleaner is perfect for maintaining sensitive electronic and electrical equipment. Safe for plastics, it quickly evaporates to clean delicate components without leaving residue. Ideal for removing carbon deposits, dirt, light oils, and dust, it effectively reaches and cleans hard-to-access areas. Use it to ensure reliable performance and extend the life of your circuits, connectors, and switches.

- Non-conductive cleaner
- Leaves no residue
- Dissolves grease, oil & dirt
- Fast drying/quick drying
- Helps clean printers, computers, laptops, and game controls

PRODUCT INFORMATION

Colour	Transparent yellow liquid
Recommended substrate	Suitable for use on circuit boards, electrical components, printers & copiers, switches & controls, spark plugs & electrical assemblies, computers/laptops and mobiles, remotes and gaming controls
Aerosol Can	245 g (365 mL)

TECHNICAL INFORMATION

Density	0.66±0.01 g/m ³
Flashpoint	< -20 °C
pH	6
Pressure, 25 °C	0.18 MPa

SURFACE PREPARATION

Used for cleaning by spraying to remove dirt, grease, and other contaminants.

APPLICATION

1. Shake the can well before use.
 2. Use straw for a narrow spray and without for wide spray.
 3. Allow the product to penetrate for at least 5 minutes.
- Note: If painting is required, clean the treated surface with mineral turpentine to remove any RP7 residue.

HANDLING AND STORAGE

Storage condition The product must be stored in a dry, well-ventilated area, and the container must be kept tightly closed at all times. Keep away from sources of heat, open flames, and any area exposed to direct sunlight or the elements. Do not store in areas where temperatures exceed 50°C (122°F). If temporary storage is required prior to transport or relocation, the product should be isolated with appropriate spacing from other materials. Do not store together with oxidizing agents, corrosive substances, or other flammable materials.

Shelf life 36 months

SAFETY PRECAUTIONS

Precautionary notices are displayed on the container. Use product under well-ventilated area. During use, the product must keep away from the source of ignition and no smoking. Avoiding skin contact or inhale product. In case of contact with the eye, rinse with plenty of water immediately and seek

	<p>medical advice. Remove splashes from the skin by using soap or water. For others information in terms of health and safety hazards for use of this product, please observe the Safety Data Sheet.</p>
DISCLAIMER	<p>Precautions are indicated on the product container. Use only in a well-ventilated area. Avoid contact with skin and inhalation of vapors. If the product comes into contact with skin, wash immediately with soap and water, and remove contaminated clothing. If the product gets into the eyes, rinse thoroughly with water and seek medical attention. Additional safety information is available in the Material Safety Data Sheet (MSDS).</p>
NOTE	<p>The data are average values for reference only. However, the actual value depends on environmental conditions.</p>
